KINGSWAY ANCHORS STEELERS NETBALL CLUB OVERVIEW

Kingsway Anchors STEELERS Netball Club Inc. aims to be a popular, sought after social netball club, by giving players a fun, positive environment while providing optional skills and fitness training as well as memorable fundraising activities and events that everyone from young and old can enjoy throughout the season.

We would like to see Kingsway Anchors STEELERS Netball Club Inc. continue to be the home for all netballers well into the future, a club where the fun of the game is far more important than the number of wins on the board. **FUN, FRIENDSHIPS and FITNESS**

The club is committed to keeping netball social, friendly and fun and has an elected committee of volunteers who strive to get club members actively involved in fundraising activities and events. It is the clubs desire to encourage high attendance at these events as this is a direct reflection of the social atmosphere we wish to create. We aim to hold many varied social functions in the hope of turning team relationships into long lasting friendships. Our long-term goal is to align ourselves with a local charity, raising money for them in a fun, well organised charity event.

Kingsway Anchors STEELERS Netball Club Inc. are a club who want to provide opportunities to allow members and officials to continue to develop their skills by assisting in paying for coach, player and umpire development courses as well as specialist and fitness sessions all of which will remain optional.

We strive to provide the best opportunity for each player, and team, to maximise their playing potential and balance this with our core values of sportsmanship, respect, commitment and team and club spirit; to provide a quality sporting and social environment where everyone feels welcome to participate.

Kingsway Anchors STEELERS Netball Club Inc. is a club that is all about the love of the game, we encourage not only members but their families and support systems to all get involved so that players always have a drive to join each season. One will not stop playing netball because they grow old – they will grow old because they have stopped playing.

Netball is enjoyed by thousands of participants throughout Australia each week.

Athletes participate in the sport of netball for many reasons – the competitive challenge, to be with friends, health and fitness, for the satisfaction of volunteering and most importantly to have fun..

Kingsway Anchors STEELERS Netball Club INC is an extended family more so than a club to join seasonally. Kingsway Anchors STEELERS Netball Club INC provides netball fun for athletes of all abilities – from social netballers to competitive netball.

Kingsway Anchors STEELERS Netball Club INC acknowledges that all executive members are volunteers, but are volunteers that provide a valuable contribution to the positive experience for our members

Kingsway Anchors STEELERS Netball Club INC is committed to treating its members with respect, dignity and fairness. Such values along with the basic right to be able to participate in an environment that is enjoyable, safe and healthy will shape the running and organisation of the club

RESPECT – Being kind in all situations – even if you're not happy with what has happened

Remembering that the STEELERS workforce are all volunteers – so consider the impact your actions has on their valuable time and listening to others, working your hardest and giving it your all at all times

DIGNITY – Showing care to your team mates and their families

Showing care and a simple HI to others wearing the STEELERS uniform even if you don't know them
Showing pride for the great club you belong to being positive and polite when wearing the uniform

FAIRNESS – Know the rules of the game and play to them even if others aren't

Own your mistakes and be accountable for the consequences
Put your hand up and help out when you can and remember your time is no more valuable then someone else's

KINGSWAY ANCHORS STEELERS NETBALL CLUB PRESIDENTS REPORT

STEELERS netball club is in its sixth season participating at WDNA and second year at JNA. This year we had a huge 17 open teams – that's 170 ladies, and 14 junior teams – that's 140 girls and boys – 310 members total out there playing netball each week and we are growing in numbers and strength each season. What I really love about our club is that we are joined by people who just love our clubs vision statement and netballer's who usually only play at indoor centres. By coming over to STEELERS you are joining the netball pathways and are supporting the growth of netball as a state and as a result we are building the success for the sport – the success will be more prominent when we bring back that world cup trophy in four years' time!!!

In 2019 we had STEELERS representation from Open Division 1 through to NSG year 2. From a possible 24 teams that could make finals we had 16 teams make that first week of finals – to say I was blown away by that stat is an understatement. 5 teams in the grand final and we walked away with 5 grand final wins 100% success rate at the big dance.

Netball Club

While it is great to be successful on the netball court we do need to remember that we are a social club - and wow what a social year it has been. Starting with our team announcement amazing race day, our quiz night hosted by Lochie Reid and Chris Murphy, and the awesome Retro Bingo night. Please make sure you lock in the dates for the 2020 events when you receive our calendar as they are seriously good fun

A club cannot survive financially without the help of our sponsors. STEELERS has been able to keep our fees to a minimum will still providing the best programs possible to our members because of our loyal sponsors. A huge thank you to our Sponsors

The family feel vibe we have created at STEELERS Netball club is one of the best going around. I love the fact that we have created a pathway for new mums to come back to play netball. We are all there to support each other when we can and on that note, I would personally like to say a BIG thank you to everyone who has chased Jasper around the courts. Because of our social family orientated setting we have some awesome loyal members in our membership.

CLUB AWARDS

PATRONS AWARD – Executive member award:

This award goes to a committee member who has performed their position with confidence, determination and success. The winner of this award this year goes about her business with no assistance needed. They are always there to put their hand up when needed and offer great feedback at our meetings

This year's awards go to **SOPHIE GIRAUDO**

LOAN WA COMMERCIAL AWARD - Umpire of the year:

This award winner is someone who has shown excellent services to netball umpiring including mentoring, development and performance. The winner of this award has been an absolute asset to our umpiring division this year. Offering great consistent umpiring, assistance with development and a new insight into our umpiring program

This year's award winner is **NOELINE ADAMSON**

T & H STEEL CONTRACTORS AWARD - Fittest Netballer award:

This award goes to the member who shows the most dedication to improve their fitness throughout the season. The first step in this is by attending our club fitness sessions that the club organises and runs each year. This winner is just amazing. You watch her on court and all she does is run and run and run. She showed great eagerness in attending our fitness sessions and was an awesome recruiter as she rallied up her team mates to also come along. Her enthusiasm in these sessions was amazing

The award winner is **CARLY TAN**

Club Most Valuable Player:

This award is collated from votes the team managers collect each week from the opposition umpires. As it is in many years it is always a tight race with votes very close. This year the winner has been decided on based on a count back – which is a great reflection of the talent we have representing STEELERS Netball Club!

The award winner is **MEAGAN VALENTINE**

VICE PRESIDENT AWARD - SENIOR OFFICIAL OF THE YEAR

This award goes to a position in the role of a club official being a manager, coach or captain. Someone who models the values of STEELERS. This year's winner is no stranger to STEELERS netball club. This year their passion and commitment is commendable – very important to highlight. After registering to play with the club in 2019, this person was eager to take on as many roles as possible, however some exciting news came her way when she learnt she was expecting her first child although that unfortunately sidelined her playing year. Luckily for us she was not ready to completely give up on netball for 2019 and took on a coaching role within the club. Not only was she a superstar coach, she also stepped in to assist with grading and assisting other teams when needed.

The award winner is **JADE MANUELLA**

VICE PRESIDENT AWARD - JUNIOR OFFICIAL OF THE YEAR

This award goes to a position in the role of a club official being a manager, coach or captain. Someone who models the values of STEELERS. This year's winner is no stranger to STEELERS netball club. Coaching two teams this season and doing it with such passion and enthusiasm. She is a valued member of our club as both a player, supporter, coach and member. She speaks of the club in a positive manner and is a true reflection of the clubs values.

The award winner is **ANNELIESE CHEETHAM**

PRESIDENTS AWARD- SENIOR Club Member of the Year Award:

The club member award goes to a person who shows the true STEELERS passion week in week out. This person advertises the club in a positive light and who is always there to put their hand up to help out in any way possible. There really is no other word to describe this person than just bloody AMAZING. This person would have to be the biggest advocate for STEELERS Netball club. The club calls out for a volunteer – they are the first to nominate themselves. Members call out for a scorer or timer – they are the first to nominate themselves. A STEELERS Netball game is being played – they are there watching and supporting. In this day and age, it is not very common to see such passion and club spirit. This is at no one's fault but for the sheer fact that life is just busy for everyone. Fortunately, our 2019 winner is literally everywhere and just when I think Saturdays

are over finally sitting back on the couch with a wine or as this past season would see me enjoying a hot bath because I was usually a drowned rat, I would get a message thanking me for another great day of netball. Well now it's our turn, we would like to say a special thank you to you for the overall support, the love and passion you have for our club.

Award winner is **SONYA VAN VURREN**

PRESIDENTS AWARD - JUNIOR Club Member of the Year Award:

The club member award goes to a person who shows the true STEELERS passion week in week out. This person advertises the club in a positive light and who is always there to put their hand up to help out in any way possible. There really is no other word to describe this person than just AMAZING! There is nothing this person cannot and does not do. Coaching, umpiring, supporting and playing. Whenever we need help they are asking if they can do it. Such a great person to have in our club

Award winner **KEELY ANDERSON**

Team Appreciation Award:

The Team Appreciation award is acknowledging the team within STEELERS Netball Club who identify with the club's culture. A team of athletes who show great sportsmanship on and off the court, who are always available to help out the club where needed, who accept and follow the club's philosophy and values, who attends the club events and is a positive reflection of the club. This team CONTINUES to do everything and anything for the club. With over half of the team who has volunteered their time for the committee over the years, these members have also stepped up to coach teams, fill in for teams when needed, attended our club events and participated in club fundraising. This is the team STEELERS could model their values from.

Award winner **TEAM 11: Carla Hooper, Natalie McComas, Sarah Burke, Justine Brooker, Alysha Hooper, Jacqui Robertson, Annette Morrissey, Kerry Bell, Helen Diersen, Bree McKay.**

T&H STEEL AWARD - Spirit of Netball Award:

This award goes to a STEELERS member who is in it for the true love of netball. To someone who not only commits themselves to the club but who commits themselves to the wider netball world. This person is just a netball fanatic.

This award winner is one hell of a lady that we don't really know where to start.

As soon as you mention netball to a stranger they will say "oh so you know such and such" because they are just everywhere in the netball community. Umpiring, coaching, managing, statistician and video analysis technician they are everything to our club. But her netball passion doesn't stop at our club. If any clubs need some assistance with game day they are there. Indoor netball they are there helping out most night and while I know this will give it away they have now committed themselves to the umpiring development co-ordinator at JNA. The hours they spend facilitating netball tasks is unmeasurable and for this passion we would like to award the 2019 Spirit of Netball award.

Award winner **ALANA PENNY**

LIFE MEMBERSHIP Award:

If I was in charge of the English dictionary under the words AMAZING, PASSIONATE, SELFLESS, STRAIGHT TO THE POINT, DEDICATED, LOVING, CARING, COMMITTED would be the adjective for HELEN HITCHCOCK

Way back at the end of the 2013 season when I first had the idea of a new netball club I approached Helen and presented the concept. There was no hesitation as she said to me "GREAT IDEA" and started waffling off possible names.

Netball Club

Helen then secured our first major sponsor to the club - T & H STEEL contractors – hence our club name STEELERS. As a mad Eagles fan, there was one clause she was hesitant to spill and that was that the sponsor wanted the club colours to be purple and white with an anchor. While this may have been a drunk outburst by the sponsor we ran with it – anything to lock in their money!!! Helen was the main mastermind behind the design of our uniform and worked tirelessly to get quotes for the best possible price and best quality uniform.

Helen then sourced our second main sponsor RLEC Electrical and just like that we have a team name, a uniform and two awesome sponsors.

Leaving her current club was difficult but starting this new adventure really appealed to Helen and before we knew it she had registered us for the NETFEST competition in Queensland. But there was no way the team was going without her and Helen had then given herself the title of water-girl just so she could come along.

Year 2014 eventually arrived and was our first season at WDNA. Helen jumped on the committee as our club registrar. But her role did not end there. During this year Helen was vital in the club becoming incorporated working closely with the Department of Sport and Recreation. With 12 teams - 120 members in our club in its first year Helen was so valuable as the backbone of our club – a position she still holds.

Throughout the 6 years as a club Helen has continued on the committee often holding two roles in the one year. Not only does Helen fulfil her committee roles with an eye to such detail but she steps in to assist the other roles when needed

In addition to her role on the STEELERS committee Helen represents the club on the WDNA committee and at the WANL league. – although this has not stopped her commitment to our club. Helen is at the courts on Saturday from the first game to the last. She knows every player in the club and is a friendly face to everyone.

For a newly established club there is no one more deserving that the clubs first life member membership

Award winner **HELEN HITCHCOCK**

KINGSWAY ANCHORS STEELERS NETBALL CLUB FINANCIAL REPORT

2019 was a successful year in relation to our financial standings for Kingsway Anchors STEELERS Netball Club.

2019 saw the club continue with the three gold sponsors: LOAN WA COMMERCIAL, ASPIRE HOME RENOVATIONS and T & H STEEL CONSTRUCTIONS and bronze sponsor CAPRICORN CONVEYENCING as well as welcoming sponsors RISE BUSINESS SOLUTIONS and DIGIT PRINTING. With this financial contribution, the club was again in a position to support the development of our players, coaches and umpires- programs that were well welcomed by our members.

The 2019 Forward planning saw the committee prioritise the stock of our uniforms. This will enable the club to be able to supply late registrations with uniforms before the start of the season rather than hopefully relying on loan dresses.

The club also stocked up on new equipment team bags to replace the battered bags purchased in 2016.

Kingsway Anchors STEELERS Netball Club started the 2019 year (11/02/2018) with **\$3,985.88** in our bank account.

As of 31/12/2019 Kingsway Anchors STEELERS Netball Club closed their bank accounts with the following balances:

FEE ACCOUNT: **\$4,218.50**

FUNDRAISING & EVENTS ACCOUNT: **\$13,278.09**

UNIFORM ACCOUNT: **\$ 80.38**

TOTAL AMOUNT: **\$17,576.97**

On review at our forward planning Kingsway Anchors STEELERS Netball club will NOT be increasing their playing fees. This is great for our sport of netball and for the club to be in the position to not need to pass on the price increase of our governing bodies.
